Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 03 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy again tonight. Some drizzle in the east.

This Evening and Tonight:
Sunny then clear spells for southern parts of England and Wales, otherwise a lot of cloud again for most areas, thick enough to produce some drizzle in the east.

Saturday:
Drizzle in the east fading, then cloud slowly breaking to allow some sunshine, particularly in the south and west. Warm in the south.

Outlook for Sunday to Tuesday:
Rain spreading to northern areas during Sunday, moving southwards before mostly dying out Monday. Otherwise dry with sunny spells during this period and increasingly warm. Some coastal mist and fog.
